THIS DECLARATION is made this 17th day of February, 1988, by Clearwater Development, Inc., an Arizona Corporation (the "Declarant"), acting through FIRST AMERICAN TITLE INSURANCE COMPANY OF ARIZONA, an Arizona Corporation, as Trustee.

1. Declaration

88 145771

1.0 The Declarant is the owner of the second beneficial interest in Trust No. 7221 First American Title which holds legal title to that property as described on attached Exhibit A being in the West half of Section 10 of the Resubdivision of Unit 46, Romola of Arizona Grapefruit Unit, according to the plat of record in the office of the Maricopa County Recorder, in Book 19 of Maps, at Page 7, with such exceptions as noted on Exhibit A., being a subdivision located in Section 10, Township 2 North, Range 2 West of the Gila and Salt River Base and Meridian. The Declarant intends to offer the lots for sale and desires to establish the nature of the use and enjoyment of the property for the benefit of all owners and to make provisions for the irrigation of the lots and the maintenance of the irrigation system and roadways shown as roadway easements on the aforesaid recorded plat which are not maintained by the county.

1.1 The irrigation system consists of ditches and underground pipelines through which water supplied by the Maricopa County Municipal Water Conservation District No. 1 ("Maricopa Water District") is delivered to each lot.

2. Establishment

2.0 Declarant hereby declares that the irrigation system and roadways (other than County) shall be used by the owners (which term "owners" shall also include purchasers under contract, and Declarant) of the lots and their lawful permittees in benefit to each of the lots. The irrigation system, the roadways, and the owners thereof shall be subject to the obligations, liabilities, covenants, conditions and restrictions set forth in this Declaration.

3.0 Undivided Interest in System

3.0 The owners of the lots shall own the irrigation system in proportion to acreage owned as equal tenants in common so that each of the lots is irrevocably coupled with a pro rata undivided interest in the irrigation system. No undivided interest in the irrigation system shall be severed from the lot to which it is irrevocably coupled. Any conveyance, encumbrance, lien, alienation or devise of a lot shall also convey, encumber, alienate, devise or be a lien upon the undivided interest in the irrigation system whether it expressly provides so or not.

3.1 Owner's rights in the irrigation system and with regard to maintenance of the interior roadways are exercisable only through Clearwater Farms IV and V Property Owners' Association ("Association"), and in this respect are assigned to the Association and thereby an individual owner is not able, on his own, to perform any of the functions delegated to the Association including but not limited to the time and delivery of irrigation water to the land.

3.2 Owners' water allotments from Maricopa Water District are irrevocably assigned to Clearwater Farms Unit IV

and V Property Owners' Association to be delivered as set forth in the provisions of this Declaration of Conditions, Covenants and Restrictions.

4. Rights to Water Use and Water Charges

4.0 Each of the lots shall be entitled to a share of the water delivered to and by the irrigation system, subject to all by-laws and rules and regulations promulgated by the Association formed under this Declaration to administer the system, and to any applicable laws and governmental rules and regulations, in proportion to acreage that a parcel bears to the whole and further provided that the assignments payable to the Maricopa Water District and for the water itself are paid. Payment of the assessments and water charges to the Maricopa Water District are each individual water owner's responsibility. The right of a buyer to a proportionate share of the water shall always be subject to and conditioned upon payment of the assessments and water charges payable to the Maricopa Water District, and the payment of any assessments made by the Association in accordance with the purposes set forth herein. Each of the lots, and the respective owner of each personally, shall be liable for payment of the Association assessments as established by the Association from time to time. Declarant shall also be responsible for lots which it owns.

If any property owner is not using his water allotment to irrigate, the Association may deliver that water where it deems appropriate in which case the Association will be responsible for redirecting the actual water charges for such delivery to any other property owner who receives that allotment.

5. Liability for Expense of Operation of the System; Performance of Obligations

5.0 The Association shall maintain the irrigation system and the roadways in good condition and repair at all times and strictly perform all obligations arising under this Declaration, and the by-laws and rules and regulations promulgated by the Association. Each lot, and the respective owner of each, personally shall be liable, whether or not actually using water or the roads, for payment of an equal share of the cost thereof in proportion to the acreage owned in nonrefundable assessment to be established by the Association from time to time to create a reserve to defray these obligations. The Association obligations include, without limitation, routine maintenance, necessary repairs, replacements, additions to or relocation of ditches, and equipment, capital or otherwise, and whether resulting from damage, destruction, loss, age, obsolescence or otherwise, and payment or performance of all other charges and obligations established by the Association from time to time. To the extent that the roadways may be maintained by a governmental body at its expense, the owners shall not be liable for the cost of such maintenance. If a lot owner fails to pay his share of any assessment or charges made by the Association or Maricopa Water District, or perform his obligations, the Association may advance his share or payments, or perform his obligations, without being under any obligation to do so, such advance of substituted performance becoming a binding, personal liability of the defaulting lot owner bearing interest at the prime rate as set by the Valley National Bank, Phoenix, Arizona, but in no event less than 18% per annum from date of advance or substituted performance until payment, and may place a lien against all of the lot(s) of the defaulting lot owner, which may be foreclosed as a realty mortgage or a mechanic's lien or in any other lawful manner at the option of the Association. The defaulting lot owner shall be liable for all attorney's fees, court costs and other expenses incurred as a result of the defaulting lot owner's default hereunder. A lot

owner in default by more than thirty (30) days hereunder loses the right to water and all rights appurtenant to his ownership with respect to water delivery and shall not be reinstated until payment of such delinquent assessment, together with interest has been made up and accepted by the Association or the Maricopa Water District, as the case may be. The Association may, in an individual case, for good cause shown, enlarge the time period to cure a delinquency. The Association shall have all powers to collect said assessments and charges and any interest and shall have all rights available at law or at equity to do so in addition to those recited above.

5.1 The Declarant will assume all of the responsibilities of the Association until such time that the Association is formed.

6. Automatic Membership

6.0 Owner, automatically by virtue of his purchase, becomes a member, along with all other owners of lots, in Clearwater Farms Unit IV and V Property Owners' Association. Every conveyance of a lot may expressly recite that it is subject to the provisions of this Declaration and contain the grantee's/ vendee's express written acceptance of the provisions of this Declaration, but this Declaration shall be binding upon each of the lots and the owners thereof automatically, whether or not there is such an express recitation.

6.1 Declarant reserves the right to expand the project through the comparable development of adjacent land and incorporate said expansion land within this Declaration by specific reference thereto. Any such expansion shall be subject to all the terms and conditions of this Declaration.

7. Limitations on the Use of Water

7.0 Water delivered by the irrigation system shall only be used to irrigate the parcels in proportion to acreage owned, at such times and in such quantities as received from the Maricopa Water District as the Association may prescribe without discrimination.

8. Association Management and Assessment

8.0 The irrigation system shall be administered and managed by the Association, which is comprised of the owners of the lots, and in accordance herewith and with the terms and conditions of the by-laws and rules and regulations of the Association. The Association shall be the sole agent of each property owner for the purpose of ordering and delivery of water from the Maricopa Water District. It is understood that the Association is a non-profit association and shall assess only such amounts as is necessary to fulfill its purposes, taking into consideration reserves for future contingencies.

8.1 The initial meeting of the Association shall be called by Declarant on or before two years from the date of this Declaration or at such earlier time as Declarant may set. At this initial meeting the owners shall elect a Board of Directors of not less than three (3) members. Declarant shall have the right to vote at this meeting or any subsequent meeting of the owners on the same basis as any other owner (See Paragraph 8.3). The Board, which shall be comprised of property owners, shall conduct the affairs of the Association. The Board shall have the power to determine when and to what extent water is to be delivered to any parcel (but without discrimination as to those property owners who are current with their payment of assessments and charges) and to make charges or assessments as provided in the Declarations. The Association shall have the right, through its Board of Directors, to promulgate rules and regulations which shall be

binding upon all owners. Each year there shall be an annual meeting which shall be held during the month of October or November as set by the Board. At the annual meeting each Board member for the ensuing year shall be elected by a majority present in person or by proxy. A majority of the Board or 25% of the owners based upon acreage owned may call a special meeting upon at least twenty (20) days notice for any purpose including enlarging or reducing the number of members on the Board of Directors, provided such purpose is stated in the notice. The Board may be expanded by a majority vote of the membership based upon acreage owned.

8.2 There shall be no association assessments prior to the time the Association becomes activated and the initial meeting thereof.

8.3 The total acreage owned by Declarant is described in Exhibit A. The owner shall have a vote in proportion to acreage owned (as reflected in the plat of said Romola of Arizona Grapefruit Unit, Unit 46). All matters are to be decided by a majority vote based on acreage.

8.4 A majority vote of the Board members shall entitle the Board to carry out any action on behalf of the owners of the lots.

8.5 The Board shall have the following rights and powers:

- A. To levy the assessments, payable as determined by the Board, against each of the lots and the owners thereof.
- B. To levy special assessments deemed necessary by the Board in carrying out the Association's purposes.
- C. To use and expend the assessments collected to maintain, care for, improve, build, rebuild and preserve the irrigation system, roadways and easements.

- I. To provide for the construction of additions to or replacement of the irrigation system or roadways, or construction of new utilities systems from time to time, as in their discretion appears to be in the best interest of the owners of the lots. Any such construction, improvements or additions shall be authorized by a majority vote of the Board at a duly called meeting at which a quorum is present.
- J. To collect delinquent assessments and charges, by suit or otherwise, and to enjoin or seek damages from the owners of the lots for violation of the Declaration and By-laws and rules and regulations of the Association.

K. To protect and defend the system and roadways from loss and damage by suit or otherwise and comply with any governmental regulations including applying for a Certificate of Conveyance and Necessity, if required.

M. To make By-laws and reasonable rules and regulations, not inconsistent with the terms and spirits of this Declaration, and to amend the same from time to time, all of which shall be binding upon the lots and owners thereof.
